Kapalins is Looking for a Talented SailPoint IIQ Developer!

Do you have a passion for Identity and Access Management (IAM) and a strong understanding of SailPoint IIQ?

Kapalins is seeking a highly skilled SailPoint IIQ Developer to join our team in Hyderabad or Noida, but Location is never a show-stoper for us! In this role, you'll play a key part in designing, developing, and implementing IAM solutions using SailPoint IIQ.

About the Role:

- You'll leverage your in-depth knowledge of SailPoint IIQ and application onboarding to streamline access management processes.
- You'll be responsible for creating and configuring various IIQ objects, including applications, certifications, policies, reports, forms, and workflows.
- Your expertise in Java 8 will be essential for developing APIs, provisioning integrations, and custom forms for access provisioning.
- You'll analyze complex IAM scenarios, implement Role-Based Access Control (RBAC), and design solutions to mitigate Segregation of Duties (SoD) conflicts.
- Experience with SailPoint's Out-of-the-Box (OOTB) connectors and bean shell scripting is a plus.
- Strong analytical and problem-solving skills are a must, as you'll be responsible for debugging issues and ensuring smooth code deployment.

The Ideal Candidate:

- 5+ years of experience in software development with a strong focus on Java 8.

- Proven experience with SailPoint IIQ, including application onboarding, rule creation, and object configuration.
- Experience with API development using SCIM servers/webservices.
- A solid understanding of IAM concepts, including RBAC and SoD.
- Experience with provisioning integrations and developing custom forms.
- Ability to understand and analyze complex technical challenges.
- Experience with code deployment processes and debugging techniques.

What We Offer:

- The opportunity to work with cutting-edge technology and make a real impact on our clients' IAM strategies.
- A collaborative and supportive work environment where you can learn and grow your skills.
- Competitive salary and benefits package.

Ready to Join Our Team?

If you're a passionate SailPoint IIQ developer who thrives in a fast-paced environment, we encourage you to apply! Please submit your resume today.
